What we do have in common is that we were both in enough pain that we wanted to disappear

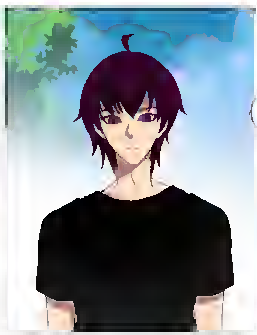

and made the wrong decision.

And you said before that we are different.

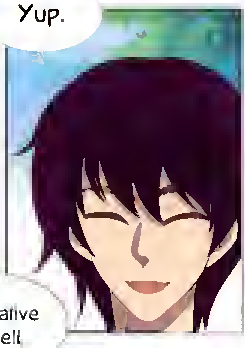

The reason for that is--

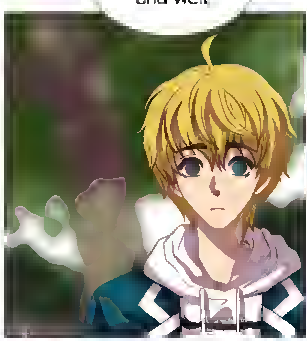

I'm not dead.

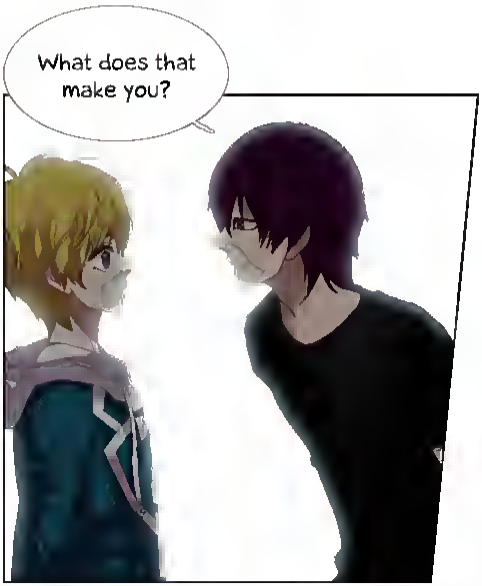

Yup.

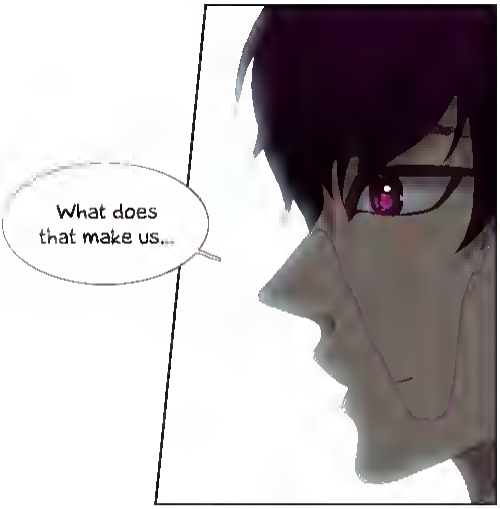

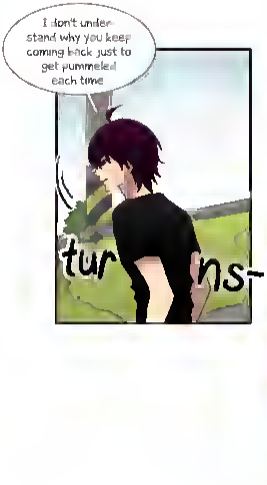

You're alive and well.

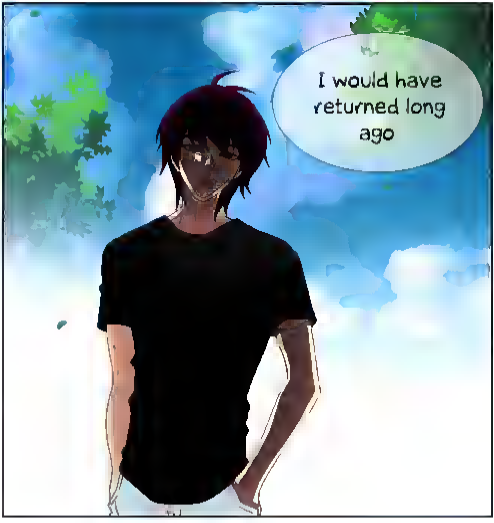

But how is that possible? When you're right here?

What does that make you?

What does that make us...

I don't understand why you keep coming back just to get pummeled each time
tur

You know how to go back to normal, right?

If I did

I would have returned long ago

-Chapter 63-
Gaon(4)

Ah, drinks are here
Buzzz!!

Just so you know I'm not here to just chitchat with you

Just don't punch me, okay?

(TN: gy yulmoo is a fruit syrup which is just sugar dissolved in water. Used to sweeten cold drinks since regular sugar dissolves slowly in cold liquids.)

Let's calm down I'll explain
I'm studying abroad where I'm still going to school
I started about a year late because of treatments and other stuff
Treatments?

Remember the accident I got into in the senior year of high school?
Yeah.

You didn't let anybody come visit you didn't keep in touch and then we all graduated
What are you? A ghost? Disappearing like that?
whimper

I got hurt... pretty badly

He's alive?

Yeah
He left the country after graduation
slide~
Oh, are you still here?
Just leaving
I met his teacher
Apparently, he even visited not too long ago

He took his entrance exam, graduated and everything

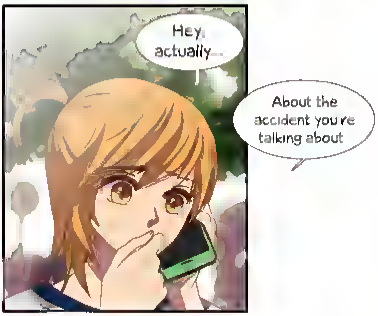

But he didn't go to the graduation ceremony because of some personal reasons

Then maybe...

You see where I'm going, right? Apparently there was an accident

It wasn't anything too serious
He just got hurt a bit

Because he has his school uniform on, we assumed he died while he was a student

Hey, actually...
About the accident you're talking about

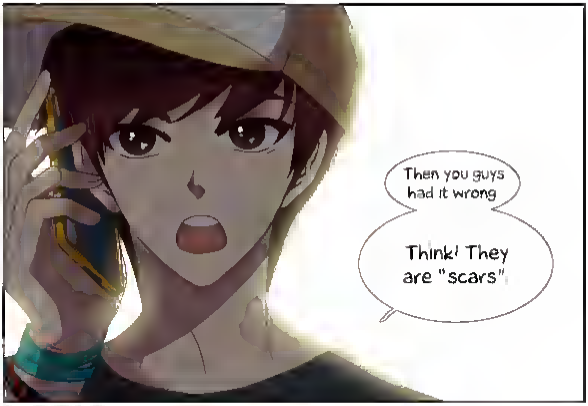

Gaon had some scars on his wrist

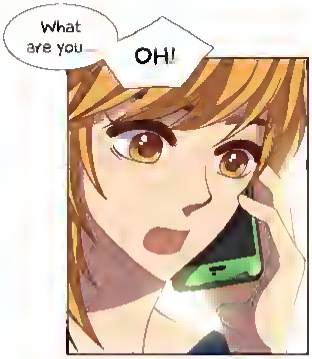

Scars on his..Ah!

We thought that was how he died

Are you sure he had "scars"?

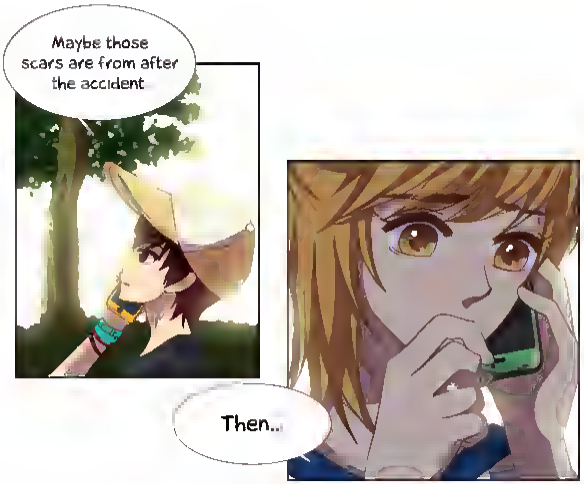

nod
Yup.

Then you guys had it wrong
Think! They are "scars"

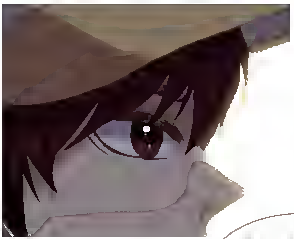

What are you—
OH!

The fact that he has scars
means time s past and the wound healed
You two just assumed the worst and scared yourselves

His teachers said,
He was a bright kid, social with a lot of friends.

Maybe those scars are from after the accident
Then..

What sort of accident was it, and why does he have those scars?

I'm curious about that too, but that's not what's the important right now

Is the separation of the soul and the body even possible?

If he's physically alive, the what is the Gaon we know?

Were you hurt a lot?
No, it was more—psycho-logical—

...I won't ask anymore.

Actually
I still don't know why I'm still getting treatment.

??
What is he talking about?

So, are you living with your family?
Nope

What? So where are you sta
CL!
CK-

I'll KILL you.
SO I CAN PUT IT ON FB
Fu
Squeeze-

Cough Cough
I'm crashing at a friend's place for now.

Hey let's talk about you now
chitter
You're majoring in mathematics, right? Do you know any hot chicks?
chatter
chatter
Oh yeah, how's your little sister? She's such a cute little thing, bet she's a lot bigger now.
chatter

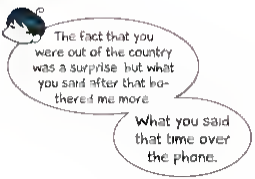

I heard about you and Heo Sujin again.
Idiot, you should have drawn the line early.

Are you going to try out for student teaching jobs next ye
OUCH!
FLI
CK!!

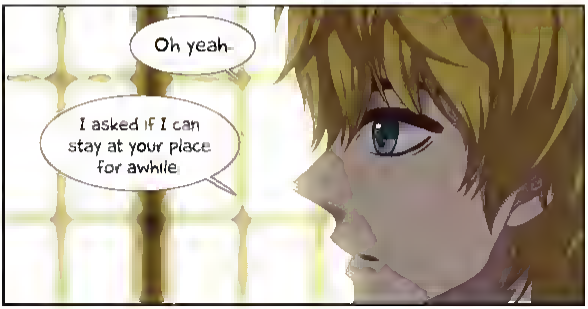

Don't think you can fool me with your smiles
And don't change the subject

Che-
You caught me.

How long will you be in Korea?
For another week.

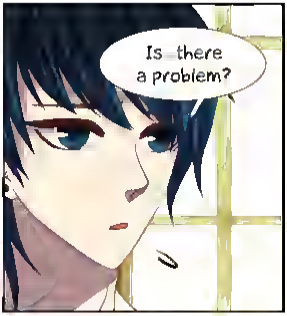

The fact that you were out of the country was a surprise but what you said after that bothered me more.
What you said that time over the phone.

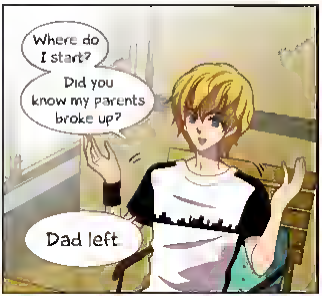

Just a phone call again?
Yeah, yeah. I was surprised the first time, not anymore
You heard about Sujin, too? Okay that's impressive
Baeka keeps asking if you're my girlfriend because you keep calling me.
How 'bout we actually hang out rather than just talk?
What?

Oh yeah-
I asked if I can stay at your place for awhile

I said no then, so we could talk about it face to face
But I asked my parents for permission just in case
Why aren't you going back home?

It's suffocating

Is there a problem?

Where do I start?
Did you know my parents broke up?
Dad left

But mom didn't.
Once I finish the military service and graduate I'm getting the hell out of here
She's so fucking annoying

It would have been better if I left with my dad
Our family problems are kind of complicated
What a shitty life

You've changed.

Yeah?

Are you worried about your friend?

That friend of yours, Gaon_.
You're always so worried about him. You must like him a lot.

I have something to ask you about this friend...

that I like someone else?

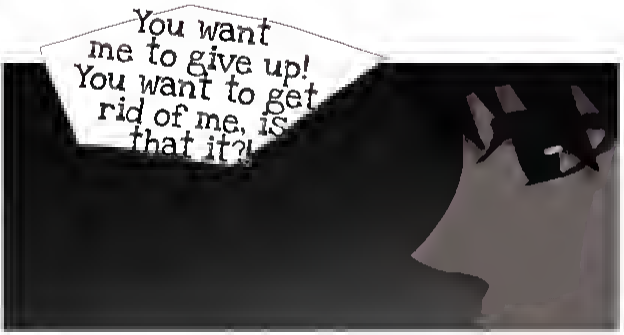

That time.

But he was fine! Even after "the accident"! Why now...!

Because "the accident" and "this incident" were a big shock to him.

He remembers me, his birth mother

Stop calling yourself his mother

-Chapter 66-
Forget (?)

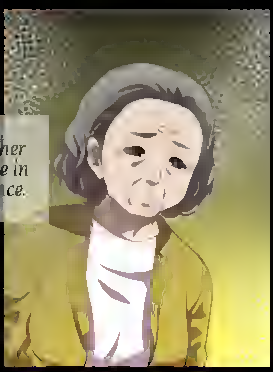

At the age of eight, I met my new family.
In the memories of my youth, my mother
hated me.

She kept her distance from me and would not let me approach her.

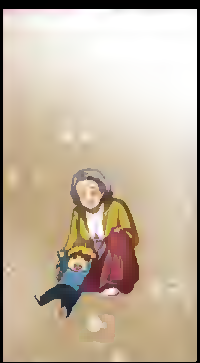

She always fought with my father.

My grandmother looked after me in mother's absence.

She would always look at me with eyes full of pity.

She cried every night as she put me to bed.

Maybe that was why she passed away as soon as I was done with kindergarten.

I'm thinking of remarrying soon after. Yeah, with her...
I have to find someone who can be a proper mother to Gaon.

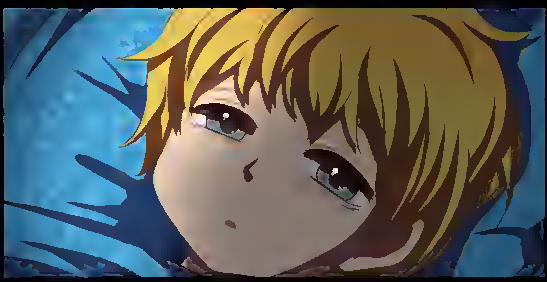

Shut-

...on.

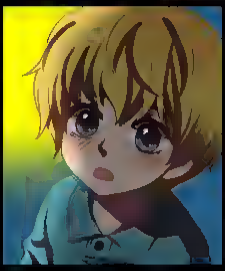

Gaon.

Wake up.

I was tired

but sleep soon left me

She called me by my name

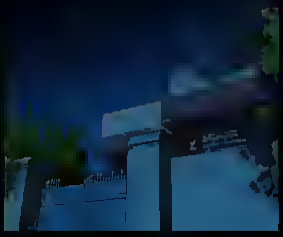

She said she's my mommy

That was the first time

All I know is that I was happy

that you spoke my name so softly

I wonder if I can start calling you mommy?

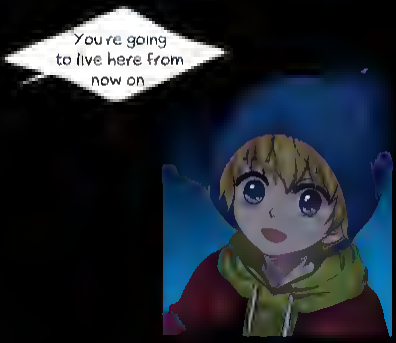

?
I'm not going to let you have your way.
Mommy!
Wh...Where are you going?

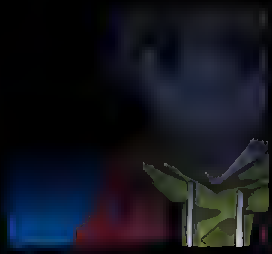

SFX Slap!!

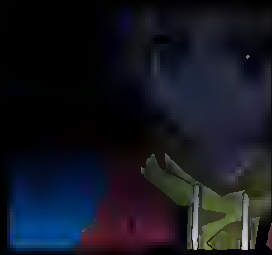

I couldn't talk,
I couldn't make
a sound

Only after she
was out of my sight,
could I even move

I understood.

My mother abandoned me.

Dad came to get me the next day

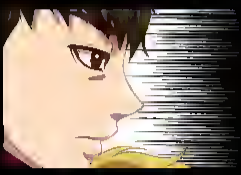

It didn't take long because he was friends with Ajumma

(TN: Ajumma - older/middle-aged woman, auntie)

SFX Glomp

Where did you take Gaon?!

How can you do this to your own child?! What has he ever done?!
Hmph!
The kid hasn't done anything wrong.

All this is your fault.

I left him at "that house". Do whatever you want.

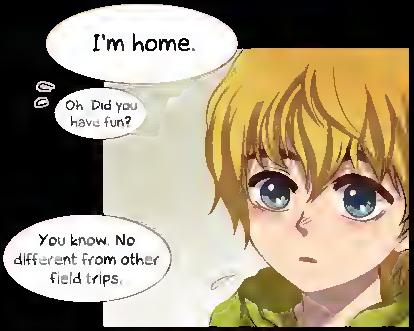

I understood

It's okay.
I'll stay here.

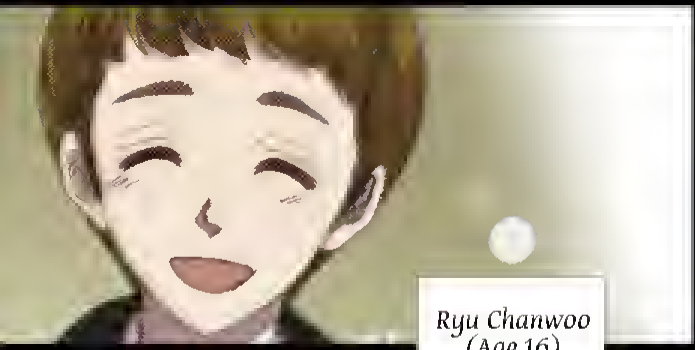

Mommy doesn't...

slam-
sigh

I'm home.
Oh. Did you have fun?
You know. No different from other field trips.

Oh, is this Gaon?
Nice to meet you Mom told me about you this morning over the phone
My name is Chanwoo You can call me Chanwoo hyung.

(TN: We have originally only allowed honorifics like "Hyung/Oppa/Nuna/Unnie" to be included when blood-related characters called each other but to signify the bond b/w Chanwoo and Gaon we will include Hyung when Gaon uses it for Chanwoo. Hyung means older brother but can be used to any male that you are close to.)

How did the interview go?

Now that I've found my place.
Your father will do as I say too.

You show up for the first time in years

I don't know if I can even accept the fact that you're here right now

I'd rather die than go back to you.

You are all I have. Nothing's left for me but you.
Those people you're living with right now...

Chanwoo is your brother by blood.
They are the people who your father really cared for.
His family before he married me.
There were some complicated problems that eventually ended with our marriage.
It was hard returning things to normal.

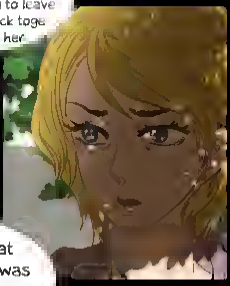

It's hard to explain things in detail.

I didn't think they would actually raise you alive. I "left you in their care."

It must have been difficult, knowing you're my son.

I left you with them because I was angry with your father. He was trying to leave me to get back together with her.

I was angry at you because I was depressed. It was hard for me too.

Under-stand?

Me? Under-stand you?

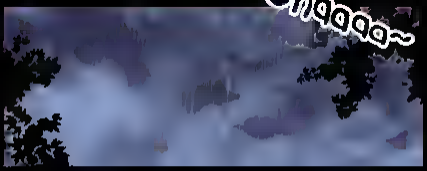

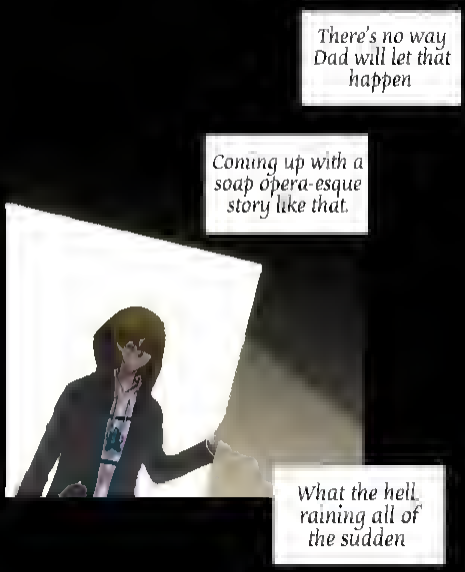

Don't show up in front of me ever again.

You think you can fool me with your lies?

There's no way Dad will let that happen

They've fooled me.
I've been fooled.

I was the only one who didn't know.

Only me...

They all had me fooled

Actually, the divorce with your birth mother hasn't gone through yet.
But Father is going to file soon.

I'm being sent off to her, so you three can live together?

All because I'm her son?

You...met your birth mother?
That's not true. Why would Father send you away. We are going to live together, with you too.

What I really can't understand and makse me angry is...

Never mind all that. You are...

My brother.

Hurt feelings and misunderstandings are quick to disappear.

Since we're family.

Let's go back. Mom and Dad must be worried. We'll talk more at home.

Memories of Mom and Chanwoo disappeared.

She always shined so brightly..

And I do miss her very much.

-Chapter 72
Piece (3)

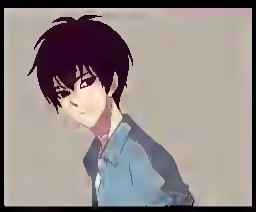

My situation was really similar to "that guy".

Step siblings.

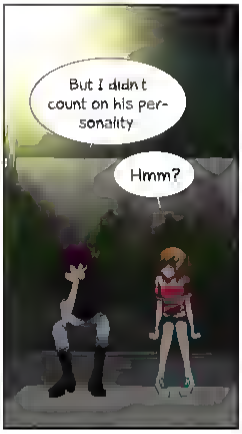

But my situation was a little different.

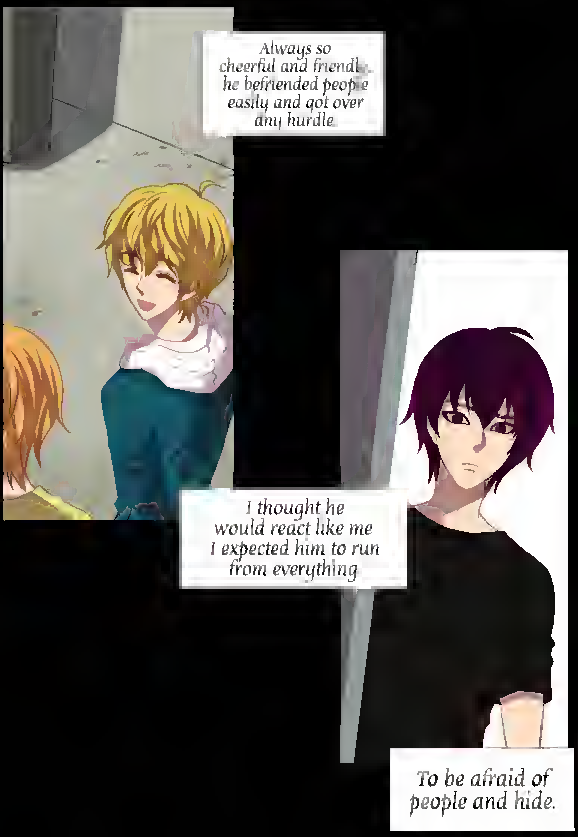

So I envied him...
That's right I was envious.

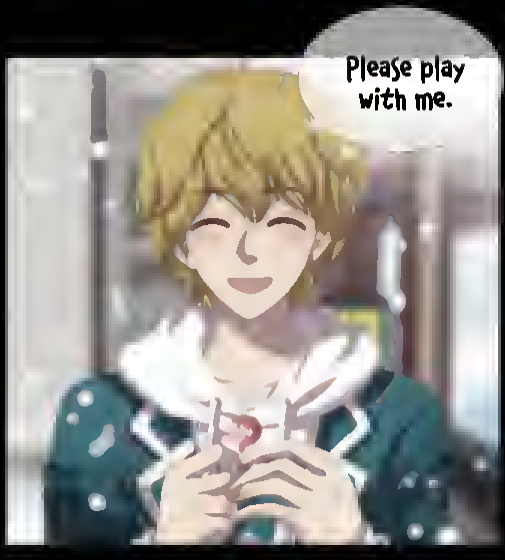

So I harrassed him...over and over.

Always so cheerful and friendly, he befriended people easily and got over any hurdle.
I thought he would react like me I expected him to run from everything
To be afraid of people and hide.

I thought he would try to run with his necklace, eventually remember his past.

That's what I was supposed to do. Protecting my "little sister".

Please play with me.

Hating and envying the boy next door...I thought.
That's what I was supposed to do...protecting my "little sister".

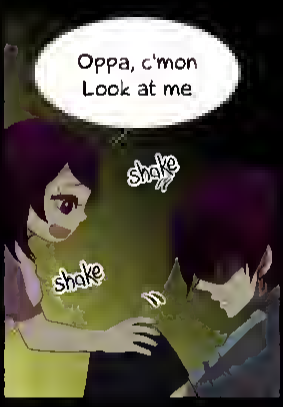

Since I failed my real little sister.

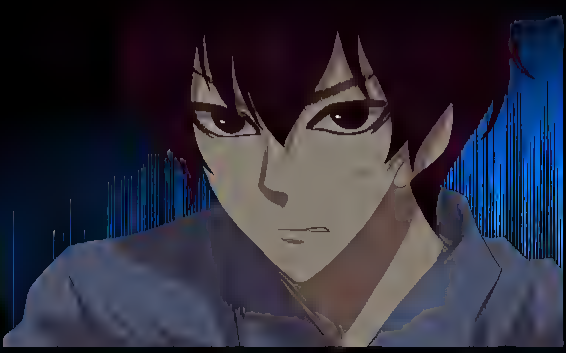

Oppa!

You didn't go to school?
Your teacher called and daddy is really angry
Hey, let's go home~ Okay?

Oppa, c'mon Look at me
shake
shake

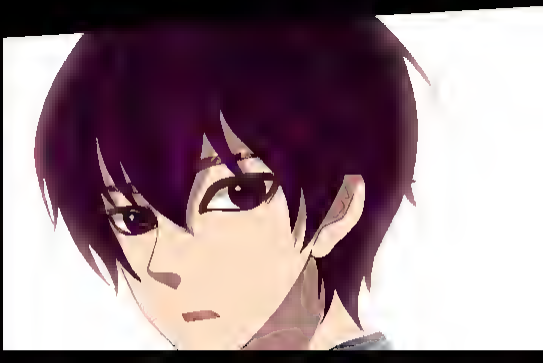

Oppa

Oppa, wait.

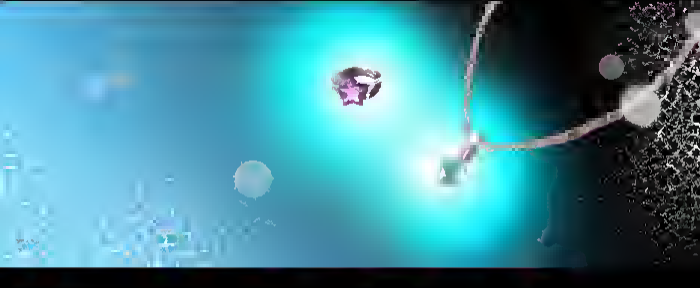

Come home. Please?

Him and I, we were so similar yet so different.

I thought as I compared our situations..

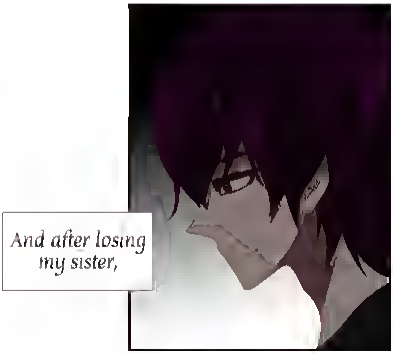

That I was the one who suffered more.

Oppa. This is yours.
Mommy told me to give it to you. It's a matching set with mine.
Don't hate mommy too much. She really cares about you
And I do too.

I really like
Oppa a lot

Why did you stop? What happened to your little sister?
You don't have to tell me if it's too hard to talk about

And after losing my sister,

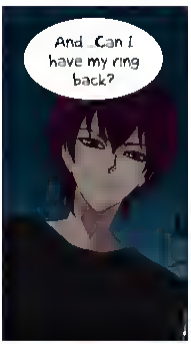

I was lost.
For a long time
And in the end... I, too...

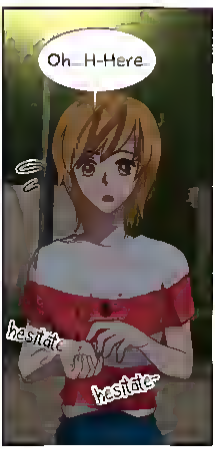

Let go of my memories
It happened so long ago

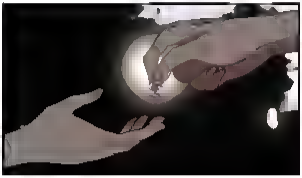

The one decisive thing that sets me and Gaon apart
Yes. "That" is what I envied the most

Thanks for listening.
En? But you didn't tell me anything
Regardless thank you
For not being afraid of me and staying by my side

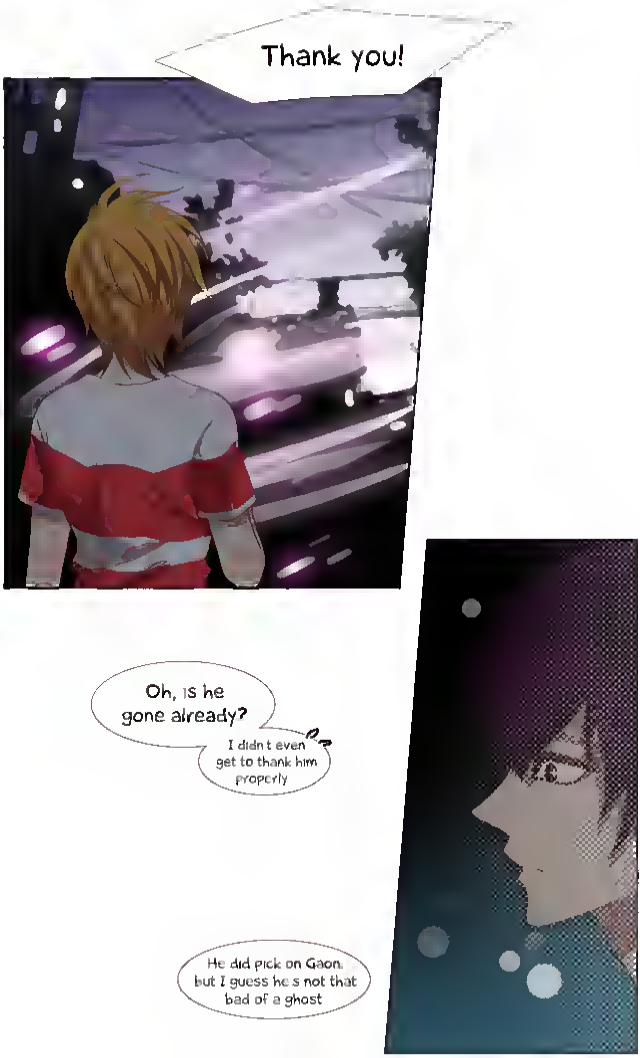

So you want me to fetch the curly blond guy, right?
Wait here. I'll bring him back

And...Can I have my ring back?

Oh...H-Here...
hesitate
hesitate

Whoosh
Ah... Wait...!

Thank you!
Oh, is he gone already?
I didn't even get to thank him properly
He did pick on Gaon but I guess he's not that bad of a ghost

Bye.

To be honest, I still don't like them

The boy next door
The curly blond

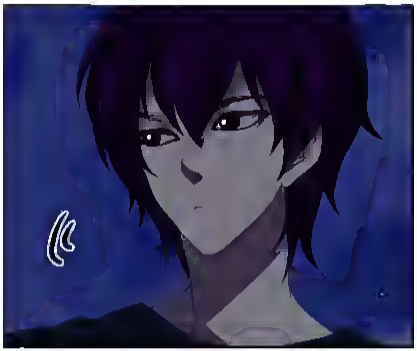

They still get on my nerves
and I'm still envious

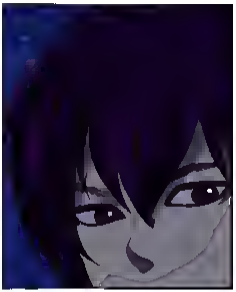

But that's my problem now.

No. It was my problem from the start.

Besides, it pains me to see Haram upset

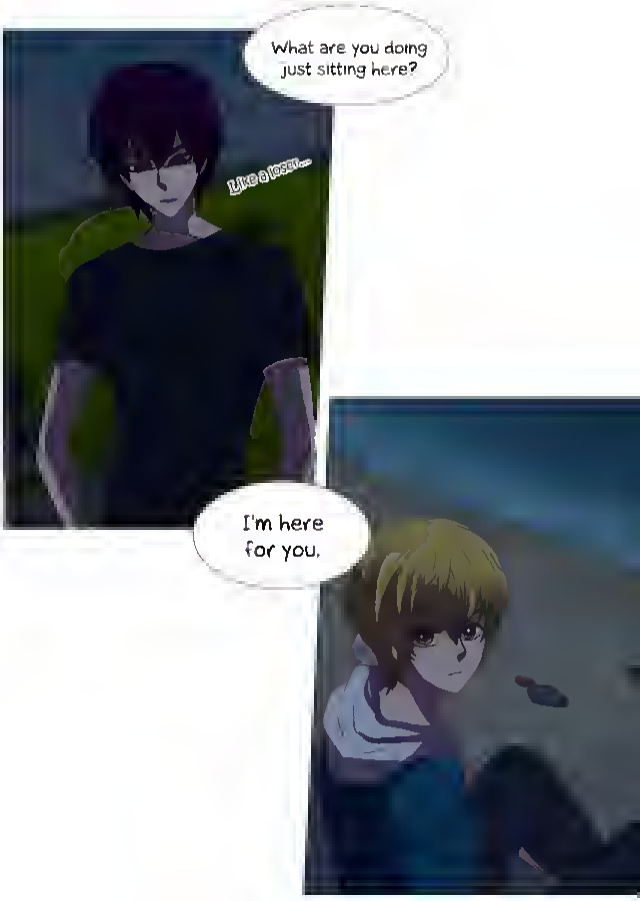

whooSh

I'm the way I am because of my actions

There is no one to blame but myself

What are you doing just sitting here?
Like a loser...

This here is where my little secret is hidden. Do you wanna see?
It's where my story starts

My dad tells me I did it because I didn't get into the university I wanted...
And the shock made me lose my memories
PUT
OFF

That's why he sent me to study abroad
By 'study abroad' I mean he sent me to where my mother was

And there,
I found this
My journal from
high school
I think it's from
sophomore year
but anyway...

As it turns out, there was someone else who raised me.

What in the
I always thought I lived alone with my father

Father? You lived with your mom and Chanwoo

Good thing I came to you.
The older brother in my journal must be this Chanwoo guy.

And today I met the lady I used to call mom.

But I just walked passed her

I didn't feel anything and why would I?

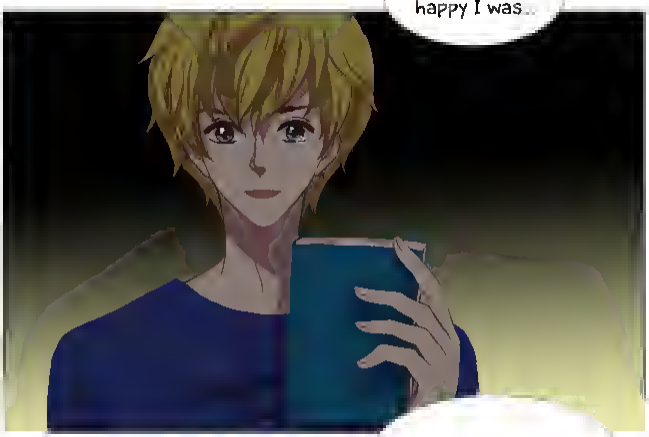

I don't have any memories of her so I guess I didn't feel emotionally attached either

So I just left her behind. Hey, what use are memories if I can't remember them?

Even if I read in journal...

About how happy I was...

About how much I loved this "family"...

I can't remember any of it

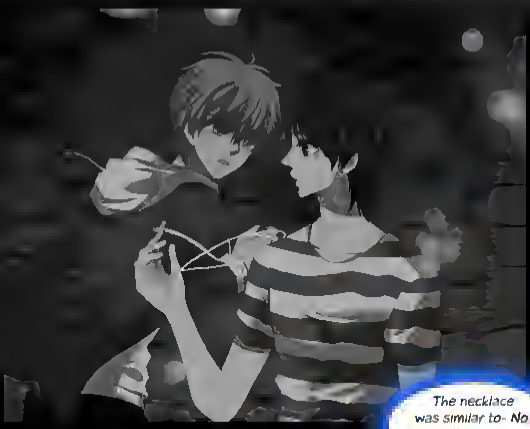

But my father and my birth mother refuse to talk about it.

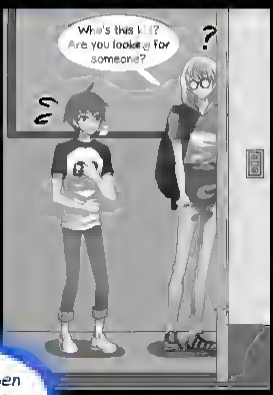

No memories...?

Attempting suicide his senior year of high school.

The necklace was similar to- No, it was the same one as Haram's

Who's this kid? Are you looking for someone?
?
?

That time when Garam was acting strange
Garam? Haram's little brother?
He says he's looking for you
He said his name was Gaon.

And he keeps getting hurt! And he won't even tell me how he got hurt!
chomp chomp
Is he getting into fights? Why won't he tell me?!
All that time Harim talked about "Gaon"...
That friend I talked about his name is Gaon... B-but anyway...
It's nothing like that. He's just someone I know
Rambling T-T
Gaon...
All those things that happened to me...

That time I definitely fell off the roof
And just as I lost conscious ness, somebody caught me

So could there be something like a ghost ?

That's completely idiotic...

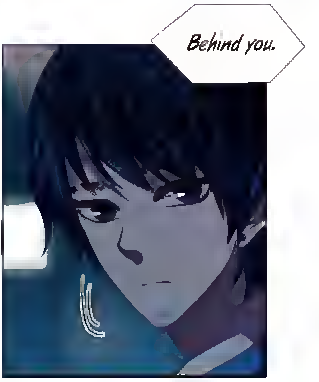

I'm over-thinking this

At this time...?
Hello.
Oppa.

Behind you.

Haha
It is you. What are you doing out so late?
Hi

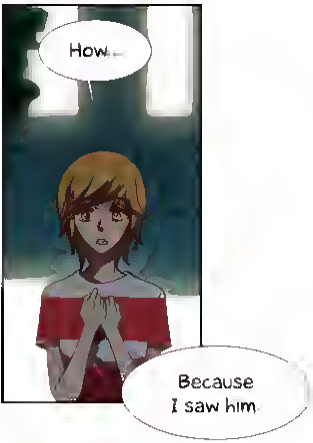

Haram

I COULD ASK YOU THE SAME THING. DO YOU EVEN KNOW WHAT TIME IT IS? YOU SHOULDN'T BE OUT AND ABOUT ALONE AT NIGHT!
Weeh

I was just out looking for Gaon.
I think he'll contact me soon...

Can I ask you something about that Gaon friend?

Huh?
A big eyed boy,
who usually wears a white hoodie underneath a blue uniform jacket
Does that sound like your friend Gaon?

How...
Because I saw him

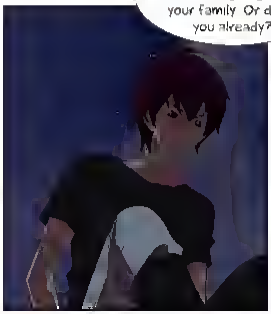

He disappeared with your necklace
Please tell me what's going on.
So I can help you.

Sob...
It's What happened is

Clearing your thoughts?

If you want to clear your head and think straight go find your family. Or didn't you already?

What are you moping in someone else's special spot?
Ouch!
press-
press-
DO YOU WANT ME TO HIT YOU AGAIN?

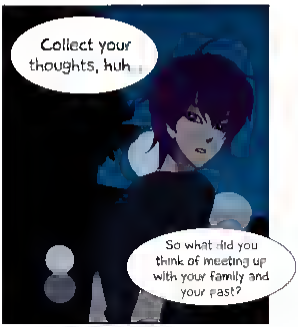

Why do you hate me so much? Aren't we basically in the same situation?
Same? Don't make me laugh

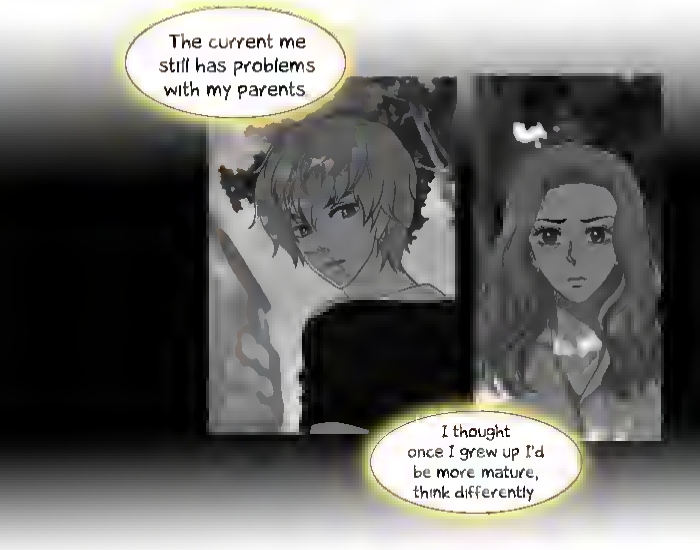

I still want you to disappear. That's how much I hate you.
You smiling makes me want to gag
Gasp!
So mean-spirited

But...

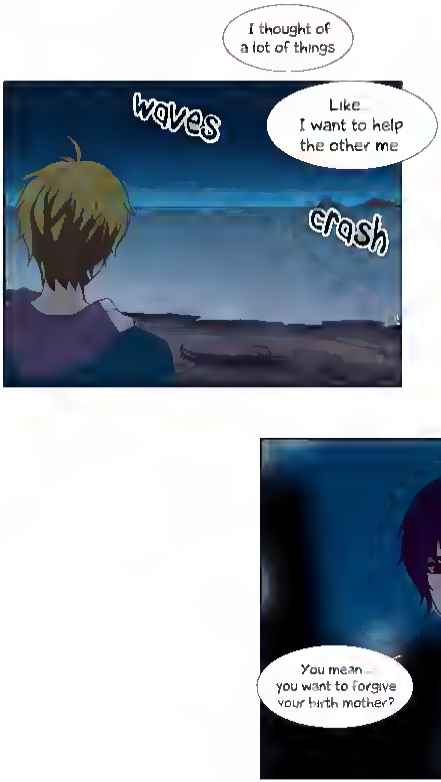

That would make Haram sad

Dude are you like into younger girls
Pedo? Stalker? He did peep at young Haram
Shut up. It's nothing like that

Collect your thoughts, huh
So what did you think of meeting up with your family and your past?

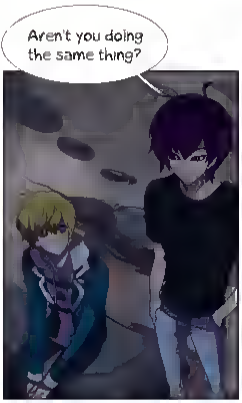

The current me still has problems with my parents
I thought once I grew up I'd be more mature, think differently

I'm still like a child Like I stopped growing after abandoning my memories
I guess I can't move on, not like this when I don't remember everything

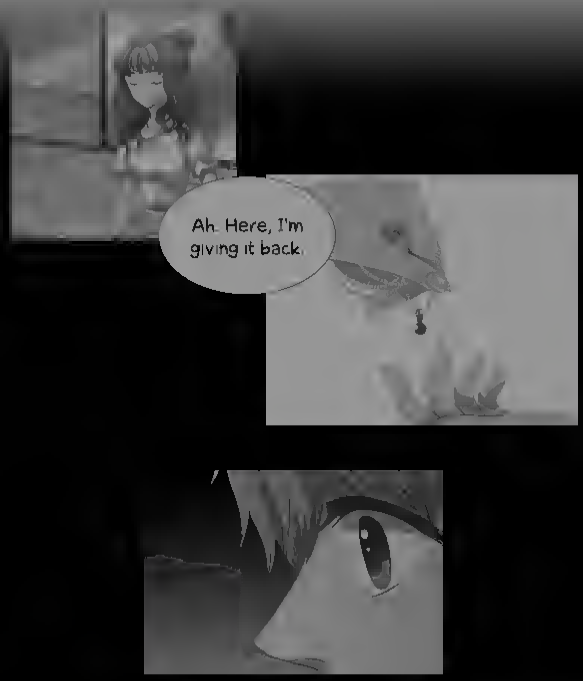

I thought of a lot of things
waves
Like... I want to help the other me
crash
You mean... you want to forgive your birth mother?

Maybe...
I just feel bad for myself... walking in a place like that

And if I approach him with the necklace... he seems to be in pain
Jingle-
I think the body is instinctively rejecting the memories

Aren't you doing the same thing?

You're a "fragment of memory" and yet you sealed up your memories
You avoided the necklace that held them too

Maybe you're right. I thought I avoided it because something about it felt off.

But that wasn't it.

I was afraid.

Memories like us are drawn to the objects that act as a seal
Whether you want to or not, you'll run into them sooner or later
You can try to get rid of it again and again running away further and further
But it will find you The memories want to be found

Strange isn't it? You abandon your memories because you're afraid
But deep down, you want to remember

Well in your case I intervened so you found them rather qu ckly
You wandering around was pissing me off and I was bored to boot so I thought why not?
But then you and Haram be- came friends
Tsk
Pft.

Haha?
You're awfully talk- tive today. You seem almost nice even.
Shut it. I'm only nice when it concerns Haram.

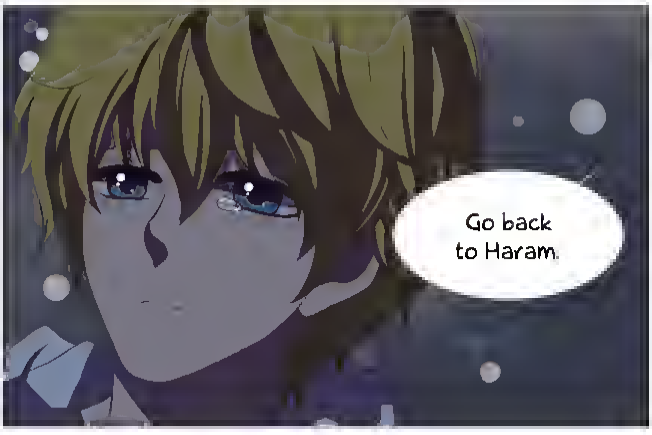

Bwahaha hahaha!!!!!
I'M GONNA KILL YOU.
falls over-!!

You know, even though you hate me I never really disliked you
Since you're going through the same thing I was. I felt a sort of amaradere

HATE. YOU SAY. I GUESS A HOMICIDAL URGE CAN BE A SORT OF HATE.
Kuhuhu...
Chills
Dude

Go back

It's your decision to make but...
Before 'that time' comes to pass...

Make a choice now before you lose your chance like I did

And whatever you decide, don't regret it

This will be the last time we meet.

Ah... Wait!

I wish for your happiness too.

Now..I should get going-!
